

## Model Evaluation

1. What is Model Evaluation	3
2. Why need Model Evaluation	5
3. Model Evaluation in Regression	7
a. $R^2$ score	9
i. What is $R^2$ score?	10
ii. Formula	11
iii. Step to calculate $R^2$	12
iv. Example	13
v. Code	16
b. Mean Square Error	20
i. What is Mean Squared Error?	22
ii. Formula	23
iii. Step to calculate MSE	24
iv. Example	25
v. Code	27
c. Mean Absolute Error	30
i. What is Mean Absolute Error?	32
ii. Formula	33
iii. Step to calculate MAE	34
iv. Example	35
v. Code	37
d. Mean Absolute Percentage Error	40
i. What is Mean Absolute Percentage Error?	42
ii. Formula	43
iii. Step to calculate MAPE	44
iv. Example	45
v. Code	47
e. Conclusion	50
4. Model Evaluation in Classification	53
a. Accuracy score	54
i. What is Accuracy score?	56
ii. Formula	57

iii.	Step to calculate Accuracy score	58
iv.	Example	59
v.	Code	62
b.	ทำความเข้าใจ TP, FP, TN, FN	65
c.	Precision score	72
i.	What is Precision score?	74
ii.	Formula	75
iii.	Step to calculate Precision score	76
iv.	Example	77
v.	Code	80
d.	Recall score	83
i.	What is Recall score?	85
ii.	Formula	86
iii.	Step to calculate Recall score	87
iv.	Example	88
v.	Code	91
e.	F1 score	94
i.	What is F1 score?	96
ii.	Harmonic mean	97
iii.	Formula	102
iv.	Step to calculate F1 score	103
v.	Example	104
vi.	Code	109
f.	Conclusion	112
